

If your manager is driving you insane then read *CRAP MANAGERS* and how to survive them™. This very funny, satirical book is based on real people and you will definitely recognize your manager in at least one of the characters. Margot Lawrence gets right under the skin of these managers that we have to endure – their incompetence, bullying and self-promotion that they inflict on us day after day. The book also skillfully exposes the absurdities of our management culture with its obsessions about health and safety, jargon and micro-management. The razor-sharp, acerbic tone is complemented by excellent cartoons from well-known cartoonist, Mike Mosedale. Employees across the board should embrace this book and draw inspiration from the useful and unusual self-help suggestions. – A great read, and highly amusing with brilliant cartoons. An excellent buy for managers and managed alike. • (Bridget Pitt, author of *Unseen Leopard*™) – I thoroughly enjoyed it and found myself laughing out loud on numerous occasions. It serves as the ideal escape for dealing with awful managers • (Lisa Haagensen, sociology researcher)
