

This book is for all those people who have ever asked questions like "Why am I here? - Is there a God? - Why is this happening to me? - Why is this happening to me AGAIN? This book is not for those people who already have all the answers. How often have you asked yourself these types of questions? I know I have, many times. And, how often has there been a deafening silence in reply? No matter who you ask or how often you ask them there is always a good answer; 1. Of course there is a God. 2. You were just in the wrong place at the wrong time. 3. You were just in the right place at the right time. 4. God doesn't exist. Only fools believe in him. 5. When you are dead you are dead, end of story. 6. Evolution is nonsense because we never evolved from monkeys. God created us. 7. Creation is a myth because we evolved from monkeys and the fossil records prove it. Ah, but what if? What if there was another answer? And what if it was nothing like anything you expected? What if... there is a GOD?
